

Complete Comfort Heating and Cooling Helps Local Outreach Center

Complete Comfort Heating and Cooling, a residential heating and cooling company, has dedicated its services to helping a local outreach center, *Franciscan Connection*.

The *Franciscan Connection* was established 1991 as a small neighborhood outreach center in South St. Louis. Its mission is to provide emergency assistance, support and referrals to low income families in times of need. Recently, the *Franciscan Connection* expanded its services to include minor home repairs for families trapped in unsafe, unhealthy or substandard conditions.

Complete Comfort Heating and Cooling became involved with the organization 3 years ago. Since then, Complete Comfort has gone out of its way to assist more than 15 low income families in crisis. “From installing brand new, high-efficiency furnaces or air conditioners to troubleshooting a faulty thermocouple, we do what it takes to help these families in their time of need,” said Jim Enright, Owner of Complete Comfort Heating and Cooling.

Last year, Complete Comfort assisted a woman who smelled a gas leak in her home. “I remember there was 4 to 5 inches of snow on ground but my team crawled under the home and repaired the gas line in no time,” explained Jim.

“Jim Enright and his crew have been a true sign of what it means to “rebuild a sense of community,” expressed Brother Donald Lachowicz, Home Maintenance Coordinator of *Franciscan Connection*. In 2008, Brother Donald honored Complete Comfort with the “*Franciscan Spirit Award*” for their dedication to the poor.

Complete Comfort Heating and Cooling has been providing central air conditioning and heating system installation and repairs to families throughout the St. Louis area for three decades. Complete Comfort is located at 1821 Water Street in St. Louis. For information on Complete Comfort, please visit www.completecomforthc.com or call 314.631.8762 to schedule an appointment.
