Don's Auto Body Ranked Number One in St. Charles Journal

Don's Auto Body Sets the Standard in Collision Repair Services

Don's Auto Body Provides Customer Care Excellence

Saint Charles, MO, October XX, 2010 – Readers of the St. Charles Journal have again named Don's Auto Body the number one collision repair center in the area, a title Don's Auto Body has earned an astonishing eleven years in a row. Don's Auto Body has serviced the St. Charles area for 40 years and throughout operations, the repair center has maintained the highest quality standards for replacement parts, customer service and cutting-edge technology.

Don's Auto Body standards are designed to lead the industry by example and because of the center's long established roots in the St. Charles community, Don's Auto Body sets the standard to which all collision repair centers should strive. Don's Auto Body offers customizable repair plans, varied based upon budget, insurance protection and an assessment of the damage to the vehicle. If a low cost solution is available and in the best interest of the client, the lower cost is always the solution offered.

Don's Auto Body prioritizes customer care first and consistently applies this principle to every quote and restorative service. "We understand that our clients are coming to us for help, during a time that is quite stressful for many people," said Dave Tritz, President Don's Auto Body. "Our clients can count on us to help reduce the stress associated with a collision by working with the insurance company for them, helping them obtain a rental car and providing continual updates on the status of their vehicle repair."

Don's Auto Body is a family owned, third generation auto repair center, serving the St. Charles community for 40 years. For more information visit: <http://www.donscollisionrepair.com/> or call us at 636.946.8949.
